

Question: When was the last time that patient 1234 had a body temperature measured?

SQL Query:

```
SELECT chartevents.charttime
FROM chartevents
WHERE chartevents.icustay_id IN (
    SELECT icustays.icustay_id
    FROM icustays
    WHERE icustays.hadm_id IN (
        SELECT admissions.hadm_id
        FROM admissions
        WHERE admissions.subject_id = 1234 ) )
AND chartevents.itemid IN (
    SELECT d_items.itemid
    FROM d_items
    WHERE d_items.label = 'temperature c (calc)'
    AND d_items.linksto = 'chartevents' )
ORDER BY chartevents.charttime DESC LIMIT 1
```
